

SCHOOLBOX + IB:
**CREATING
LIFELONG
LEARNERS**

Building a learner profile with Schoolbox

Develop lifelong learners by teaching students how to learn, not just what to learn.

The Schoolbox ePortfolio encourages students to build their learner profile and showcase their work, interests, passions, and experiences, which also helps teachers improve student learning outcomes.

Personalise learning with assessment differentiation, which allows teachers to individualise and tailor learning to students' different capabilities.

FEATURES:

ePortfolio | Assessment differentiation

Supporting interdisciplinary learning in Schoolbox

Utilise courses to support transdisciplinary approaches to learning.

Project- and inquiry-based learning adds layers to your curriculum.

FEATURES:

Project-based learning, Courses, Projects

Building a collaborative learning community

As an all-in-one learning management system (LMS), portal, and student wellbeing platform, all of your users are connected in one, central location.

Schoolbox prioritises people and develops a community of learners.

FEATURES:

Forums, Social stream, Collaborative online documents, Groups

Supporting individuals to become independent and self-reflective global citizens

Collaborative tools help students grow into effective communicators.

Students are also encouraged to work independently and reflect on their learning with our self-assessment and self-reflection features, using their critical and creative thinking to analyse their knowledge.

FEATURES:

Self-reflection, Self-assessment, ePortfolio
